Toscana Mini – the small round cassette

Space-saving elegance for balcony and loggia

Attachment

The awning is delivered optionally with brackets facing to the rear (for wall mounting) or upwards (for ceiling mounting). The brackets are located on the outside of the awning in the area of the arm brackets.

Compact yet classy

- Width max. 450 cm, drop max. 250 cm
- Electric motor
- Options:
Radio motor/
radio remote control,
automatic weather sensor,
LED lighting,
support legs

Shade and privacy

Due to the special design of the Toscana Mini, a larger pitch angle can be set during assembly:

Possible pitch angles::

Mounting	Wall	Ceiling
Motor drive	5 - 60 °	5 - 60 °
Crank drive	5 - 27 °	5 - 60 °

Developed especially for small balconies and areas of shallow depth, the Toscana Mini awning boasts sophisticated technical details and comfort options.

The smallest full-cassette awning in the Toscana series turns even the smallest balcony into a favourite bolt-hole to relax in. The design of the Toscana Mini permits a steep pitch angle on installation, meaning that it offers privacy and shade even when the sun is low in the sky.

Full cassette

The compact cassette, just 10.5 cm high, protects the awning fabric reliably against the effects of the weather when closed.
