MARKISEN

*Spreads a sunny mood and creates
a Mediterranean ambience:
the Micro 300 markisolette*

Micro 300 – markisolette

Mediterranean flair for every frontage

Sleek and shapely:

*the cassette fits snugly against the wall,
creating a harmonious transition to the
house façade.*

Perfectly tensioned awning fabric
*in any extended position thanks to
high-quality pneumatic springs.*

A precision fit with plenty of style

- Width max. 350 cm, height max. 275 cm
- Fabric: Acrylic (*standard*), polyester, Soltis 92 (*option*)
- Cassette flush with wall
- Electric motor
- Options: Radio motor/radio remote control, automatic weather sensor

If only partly extended, the Micro 300 runs parallel to the window like a vertical awning. On full extension the awning is angled outwards.

A traditional feature in Mediterranean climes, markisolettes conjure up a southern atmosphere and add charm to the building frontage. The Micro 300 creates pleasant shading of the interior while providing a virtually unobstructed view of the outside and good ventilation. It even leaves room for window boxes and the plants enjoy shade too.

Markisolette

This awning combines the advantages of drop-arm and vertical awnings: while the upper part always remains vertical, the lower part is angled outwards when extended, so that the view to the outside is retained.

Micro 300

Equipment and technical features

Manufactured and assembled in Germany
Quality and technology CE-compliant

Technology	
Technology	Markisolette
Casing (H x T)	172 x 138 mm
